The Bearer of this Mr

your command.

I presume that the companies
ordered from Marion County and the Counties
East of Pearl River have reached Mount Vernon
ere this. Three Companies from this part of the
Territory are now on their Marche. but I fear
their progress will be greatly impeded in
consequence of the heavy rains that have fallen
since they set out.

I think it important to the safety of this Territory, that a part of the force ordered to the frontiers should be stationed in such of the Posts as are best calculated to afford protection to the Inhabitants against lurking parties of the Indians. No opportunity shall be omitted to communicate any intelligence to Lt. Col. Chapel in a former letter.

You will make the necessary arrangements to have the troops furnished at Mount Vernon with provisions, arms & camp Equipage. Lt Col. Chapel informed me that every article necessary for this Equipment was in the public Stores, so that they should be supplied upon their arrival.

For all arms and camp Equipage which may have been deposited by the Militia in the public Stores I presume upon their vouchers have been taken.

In my last letter I urged you to have the Men who might determine to return home furnished with every thing necessary for their comfort, that is usually allowed to Soldiers when discharged. I have this object much at heart and hope that it has occupied your attention. I regret that my health will not yet permit me to undertake a journey to the frontier.

From the Governor

Lt. Colo: Morgan. } Head Quarters
Town of Washington
23rd April 1814

Sir.

I received from Major Mason a letter of the 16th inst. informing me that the French Inhabitants of the County of Hancock, have refused obedience to the General order of the 21st March last calling into service a part of the Militia from the 16th Regiment.

I regret extremely that these people should have suffered themselves to have been drawn into a belief, that opposition to the legitimate authority of the Government would deter them from the performance of duties enjoined by the Laws thereof. But as such

conduct can be attributed only to their ignorance
of the law, and the language in which the
are published I have concluded to treat them
with a degree of mildness that under other
circumstances they would not be entitled to
expect.
By the Law passed at the last session of the
Legislature a Bounty for procuring recruits
to the place of rendezvous or to furnish an
sufficient substitute when arrested and put
into service, is liable to a fine of fifty dollars
and all the penalties to which a deserter in
the Service of the United States is subjected.
For the consideration I have mentioned and
in consequence of representations that have been
made to me by some of the Chickahominy
and Pamunkey Indians, who are of opinion that
if the law upon this subject be properly
explained to their deluded people, that they would yield
obedience to its provisions, I have concluded
to give them an opportunity to remove their
characters as Citizens and to avoid the penal-
ties they have incurred, upon such terms
as I have pursued the following course.
All who have been legally drafted must
be notified by the proper officers to appear
at the place of rendezvous or to furnish
a substitute capable of rendering military

service. You will direct the Officers charged with this duty to explain to each Individual the Law, and the consequences of disobedience to the order. A reasonable time must also be allowed to those who are disposed to pursue Quietude. Should they comply, You will order them to the troops at Mount Vernon or any detachment of the Militia that may be nearer to that Post. Capt Parmenter's company I expect will be at Sohon Creek in four or ten days.

If contrary to reasonable expectation the division should continue, and the friendly explanations which you may have instructed your Officers to make shewed fruitless of having the desired effect, You will proceed to organize a force sufficient to compel obedience to the order. Painful as this alternative is, I cannot in justice to the Citizens of the Territory in general, to the Government of the United States, or to the sacred obligation imposed by my oath of Office, refrain from resorting to it. To command the force order'd upon this service, you will select an Officer of humane humanity and intelligence, and instruct him to have the drafted men taken and brought to such place as you may appoint where they will be returned for trial. In executing this duty

You will guard the officers and all the [illegible] and may expect [illegible] the accomplishment of the object. It would be a source of much regret if unpleasant consequences should result from a [illegible] abuse of the which ought to be exercised with moderation [illegible] reflection. But no portion of the community must be permitted to [illegible] the rights which are essential to the security and benefit of the whole, and which are equally binding upon [illegible] with the Territory.

I am in hopes that by mild and [illegible] measures, you will be able to [illegible] allegiance [illegible] that [illegible] requisite to adopt stronger measures [illegible] there exists a combination [illegible] to resist the [illegible] which in your opinion from its extent may require a greater force than can be organized from the [illegible] Militia you will [illegible] the circumstances to be sufficient [illegible], in order that competent [illegible] may be adopted to maintain the supremacy of the laws.

Lt Colo: Morgan. David Mohrs

P.S. You are authorized to procure any the drafted men into the State of Louisiana

but will report their services upon a report of their proceedings to Lt. Colo. Parsons the Adjutant General, who resides at this Place.

The other two divisions will have orders to be constantly on the alert to crush every attempt at insurrection, and to prevent as far as they can the Negroes from running to the Enemy. [illegible]

Sir

I am called upon [illegible] at New York to organize and hold in readiness for immediate Service, five hundred Infantry. Major Gen'l Jackson has ~~[illegible]~~ written me to prepare and hold in readiness a Company of Thousand Infantry, inclusive, I presume, of the requisition from the War Department.

With both these Requisitions I am desirous of complying as fully as the Means within my control will permit.

At this moment, circumstances exist which in my opinion, make it necessary to call into service the five hundred Men, required by the Secretary of War, with as little delay as possible, and to have an additional five hundred in readiness to take the field at the shortest Notice. The Commanding Officer at Cantonment Washington, informs me that Thirty wagons now belong to Company of any Kind in the Public Stores at that place

I have therefore to request that you will

without Cartridge Boxes. Boxes for five hundred
could be forwarded with [illegible] Camp
Equipage; it would prevent the necessity of pur-
chasing them at a high Price, and of the inferior
quality in Natchez. Tents cannot be procured
in Natchez upon any terms. If Equipments could
be spared from the Public Stores in Orleans, for
one thousand Men, I hope you will cause to
be forwarded a sufficient supply of tents, Camp
Kettles and Knapsacks for the five hundred that
I am about to order into service. Whatever
Artillery can be furnished, I wish to receive
soon as they can be transported to this place.

The most expeditious route would be to send
them over the Lake to Bonfouca, where I suppose
Waggons to bring them on, could be easily pro-
cured.

I transmit to you a general order of the 2nd inst: by which you will perceive that the 7. and 16. Regiments are required to furnish one complete company as their quota of the requisition made upon the Territory, by the President of the United States. You were notified by the order to have this force organized and in readiness, but Information received since the 2nd inst induces me to order the company immediately into service.

You are selected to command the Battalion of five hundred, and will proceed with the force from Madison County with all possible dispatch to Mobile, the present Head Quarters of Genl Pillow, where you will meet with the remainder of your command. If an additional company of one hundred, could be procured in Madison, Co. as volunteers, I am confident it would be agreeable to the General, and would meet with the approbation of the President. I therefore authorize you to accept such additional force, if it can be obtained in the way I have stated, you will have the troops mustered by a United States officer, if there is one in your vicinity,

if not, by one of the Majors in the County.

You will apply for Equipage [illegible] provided [illegible] not a sufficient number [illegible] Militia of your brigade, for the Detachment) to the commanding officer at Fort Hampton, or any other commissioned officer of the Regular Army, in your brigade, or the Lieutenant, who has the Means of furnishing the requisite Equipments. From the Governor to Genl Jackson.

Town of Washington, 7th. Sept. 1814.

Sir

Previous to the receipt of your letter of the 27. ult. by Capt. Hall I had issued

a General order for the Militia of the five hundred Infantry required by the President, at the convenient point for the detachments of the respective Regiments to March to Mount Vernon, and allow them sufficient days for their rendezvous, and allow time enough to have those Regiments forwarded from New Orleans. A Copy of the order is herewith transmitted.

I wrote to you on the 15th. of last Month, that I intended to order this force into service, as soon as Equipments could be procured, but my letter could not have reached you before the Expedition left Mobile on the 21st. I wrote to the commanding officer at the Post at Orleans, to forward to this place Equipments for one thousand Men, To this letter I have received no Answer. Upon the receipt of your last communication, I concluded, to assemble the troops with as little delay as possible and gave an additional order to that effect. We shall have to purchase such articles as are indispensably necessary, at Natchez, until a Supply should arrive from New Orleans.

I concluded to order from Madison County but one complete company of the requisition, but authorized Mr Lt. Col: Perkins to accept the additional Company of Volunteers if they could

be obtained, believing that this measure
be agreeable to you, and that his a
would be recognized by the President
to do so.

He has my orders to apply to the
ing officer at Fort Dumpston for
of equipment as can be furnished
Post, and to march by the
with all possible dispatch to
Tachmuty Coast of Pearl River,
to rendezvous at Mt. Vernon, the
portion of the quota, which is to be drawn from
this quarter of the Territory, will be put in motion
with as little delay as possible. Colo: Arbuckle
will be able to furnish them with arms. I had
supposed that there were at Mount Vernon or
at some post on the Eastern frontier, a number
of spare arms, from the commencement of the
attachment of Mississippi, having left their equipa-
ments there, after being discharged.

Colo: Mead has no company of Mounted
Mississ: He, with some others proposed raising
a troop of Cavalry, but I declined to commission
the officers, on the ground that we had
sufficient proportion of that kind of force.
I offered to commission them as Mounted Riflemen
Infantry or Riflemen, provided they could raise
a company. This was not acceded to, and I
never heard anything more upon the subject.

I have four full troops of Cavalry in this part

of the Territory. It is expected that you may be disappointed in Mounted Men. Quite sufficient for one troop. The other three will be held in readiness to march, when you may require their service.

We are both of the opinion that there will be no difficulty in procuring Muskets for the Cavalry, from the Posts on the Tombigbee and Alabama; as many of the Militia have been, and will all be discharged in the course of next Month.

Capt. Doherty's troop consists of upwards of sixty five, able bodied Men, all of them desirous of serving under your command.

From Governor Holmes of Mississippi
to Governor Claiborne } 22d Oct. 1812.

Sir

I wrote to you on the 10th inst. that
I had acceded to your proposition respecting
the appointment of a Brigadier General and
Asst. Depy. Quarter Master to the Troops raised

from this Territory and the State of Louisiana and I have conferred the latter appointment upon Robert Andrews.

Your letter of the 10. inst. I have received, and I repeat that all the force that can be afforded by this Territory for the protection of Louisiana with just regard to our own safety, be cheerfully ordered upon that Service. But we have at present a large portion of the Militia in actual service. In fact, since the commencement of the war, we have constantly had upon the Eastern frontier, in proportion to the number of our Inhabitants, more troops in service than any State or Territory in the Union.

About four hundred of the Quota of five hundred required by the Secretary of War are now on their march to the seat of war. The remaining hundred was ordered from Madison County to Mobile. They have not yet moved, owing to the officer to whom my orders were directed, having left the Country previous to the receipt of my communication. In addition to the quota required by the Secretary I have furnished upon the Requisition of Genl Jackson four troops of Dragoons, each troop consisting of between sixty and seventy including officers. They are now on their march to the

Eastern frontier.

The Young Gentleman sent here by Colo. Pyatt, from the want of means [illegible] to afford me but very partial assistance. He did not conceive himself authorised to furnish Tents or Camp Equipage of any kind, nor in funds sufficient to furnish what properly belongs to the Quarter Master Department.

Mr Andrews the Apt. Depy. Quarter Master was therefore obliged to contract a considerable amount before the Troops could be moved, and Lt. Colo. Arbuckle and myself had to borrow a large sum upon personal responsibility to supply the Cavalry upon their March.

I forwd to you on the 25. ult. last that Thomas Harrison had been apprehended in pursuance of your demand and lodged in the Jail of Adams County. He is still in confinement and is anxious that an Agent should be appointed to receive him.

Govr Claiborne. I have &c

David Holmes.

From the Governor of Mississippi Ter.

Lt. Colo. Burris 4. Oct. 1814.

Sir

On the 6th. of September last I addressed certain orders to Lt. Colo. Perkins;

the immediate execution of which may of the utmost consequence to the character and interest the Territory. I waited in anxious expectation of an answer from the Lt. Colo. until I was casually informed that he had left the Country of Madison for the Springs in Tennessee and that in all probability my orders never had reached him and of course remained in Post Office unattended to. I was the more surprised at this incident, as Colo: Perkins solicited the commands of the Battalion of Militia required from this Territory by the Rulers of the United States.

Under these circumstances, I have to call your attention to that part of the duty assigned to Lt. Colo. Perkins which relates to drafting and preparing the company of one hundred men, which are to form a part of the quota of this Territory.

You are therefore ordered immediately upon the Receipt of this letter to cause to be raised either by voluntary offers of service or by draft from the 7th & 16th Regiments one complete company to consist of one Captain, three Lieutenants, one Ensign, four Sergeants, four Corporals, two musicians and ninety Privates. This Force you will order

rendezvous without delay at Huntsville, and
then mustered into the Service of the United
States by an Officer of the Regular Troops. Pro-
vided there is in your vicinity one of the grades
of Captains. If not, you will have them
mustered by a Major of either of the Regiments
of Militia. I wish you to select an active
and intelligent Captain to command the com-
pany. You will apply for Camp Equipage and
Arms. Provided there are not a sufficient num-
ber of Public Arms in the hands of the Militia
of your County, for the Detachment, to the Command-
ing Officer at Fort Hampton, or any other
Commanding Officer of the Regular troops in
your part of the country, who has the means
of furnishing the requisite Equipment.
To the Contractors Agent, you will apply for
Provisions to sustain the troops on their marches.
You will have to authorize some person to fur-
nish transportation, the account for which
will be paid when the troops arrive at their
point of destination. Pack Horses I presume
will be preferable to Waggons. As little Exp-
ense must be incurred as possible, and
in no instance must the Allowances be more
than what is established by the regulations of
the War Department. As soon as the company

XX

is mustered the Captain commanding will
in the service of the United States. and it is
probable that the Contractor's Agent and the
of the regular troops who may be applied to for
Camp Equipage &c will require his requisition
for these articles. If so, he will make out a
requisition in writing and give receipts for what
may be delivered to him. If tents, Camp Kettles
&c cannot be furnished from Fort Hampton, you
will have them made, and draw upon Robt.
Anderson Apt. Dep: Quar: Mar: Genl: of this place
for the amount. You will also draw upon
him for two hundred dollars for contingent
Money on the Road, for which the Capt. is to
be accountable. As soon as the troops are prepar-
ed, you will order the Captain to move on
with as little delay as possible to Mount Vernon,
and there to report himself to the Commander

Should Lt. Colo. Perkins have returned to
Madison County, and have entered upon the
duties of preparing the troops for their March,
when this letter reaches you, the whole business will
of course devolve upon him.

Sir

I have had the honor to receive your letter of the 26. ultimo.

About four hundred of the quota of five hundred Militia required by the Secretary of War from this Territory are now on their March to Mount Vernon. The Remaining hundred were ordered from Madison County on the Tennessee.

Your former letter gave me no hope that I would be supplied with Equipments from Mississippi at any reasonable time, and as General Jackson urged me to send the Militia without delay, I concluded that the Public service would be advanced by procuring such articles as could be obtained in Natchez, and trusting to his being able to equip them fully from the Public Stores on the Eastern frontier. I was induced to believe that this would be in the General's power, because the term of service of a considerable Body of Militia will expire about the time that these troops reach their Point of destination, and will of course have at his disposal, their arms and Camp Equipage.

Upon the Requisition of General Jackson I sent on four troops of Dragoons, in addition to the

3

Inf. authority required by the President Equipments for them were also procured in Natchez. The purchases were made by Mr. Robt. Andrews, Dep: Quar: Mas: Gen: in pursuance of my orders and I believe that the articles were obtained upon as good terms as they could have been in New Orleans.

I think it important that there should be stored at Cant. Washington Equipments for five hundred Men, and if Mr. Cleveland feels himself at liberty to forward the articles which he is procuring for the Militia, altho: from the circumstances stated, they are not now required at this place, for that special purpose, I will direct Mr. Andrews to give him accounts & table receipts. It is however possible that Genl. Jackson may want some of the articles at Mt. Vernon, to complete the Equipment of the Militia. I therefore give no directions on the subject, lest they should interfere with his arrangements.

I have had the honor to receive your letter of the 30th. ultimo.

About four hundred of the quota of five hundred Militia required by the President, are now on their march to Mount Vernon. The Remaining hundred were ordered from Madison County on the Tennessee. Four troops of Dragoons are also on their way to the Same Post, which I ordered into service in pursuance of a Requisition from Genl. Jackson. Such Equipments as could be procured for these forces were obtained in Natchez. Their March could not be delayed consistent with the public interest, more from the contents of a letter received from Colo: McRea, previous to their being apprehended, I had no hopes of obtaining Equipments from New Orleans in any Reasonable time. Under these circumstances, you will perceive that it is not proper for me now to pay the returns you enclosed by the last Mail. General Orders. Dec. 24. 1814.

The Commander in chief has received satisfactory information that the Enemy have invaded the Territory in considerable force, & in all probability his first object will be to occupy New Orleans, and as much of the Country of Louisiana and of this Territory as his force will justify. Should he refrain from making an attempt on New Orleans thro: a dread of the consequences that would attend an unsuccessful attack, his next object will be to penetrate the most defenceless part of this Territory, and the adjacent States, for the purpose of plundering the Inhabitants and of committing such outrages upon their persons and property, as have already disgraced the British arms in America.

The Present momentous crisis has determined the Commander in chief to adopt every measure within the scope of his authority for the defence of the Country, and the protection of the Inhabitants.

It is ordered that a Battalion of foot be inv:

Indefinitely volunteers according to the following
Detail:

From the first Regiment, one Captain, one Lieutenant, one Ensign, and one hundred Privates.

From the second Regiment one Lieutenant, one Ensign and forty Privates.

From the third Regiment, Capt. Gray's Company of light artillery, to be armed with Muskets or Rifles or such other arms as can be procured.

From the third Regiment, one Captain, one Lieutenant, one Ensign, and one hundred and fifty Privates.

From the fourth Regt. one Captain, one Ensign and fifty Privates.

From the fifth Regt. one Captain one Ensign and seventy five Privates.

From the tenth Regt. one Lieutenant and forty Privates.

From the Eleventh Regt. two Lieutenants and fifty Privates.

The Troops from the first and second Regiments will rendezvous at the Town of Mordsville on the 4. day of January next.

The Troops from the third, fourth, fifth, tenth and Eleventh Regiments will assemble at Cantonment Washington, as soon as they are selected from their different Regiments. The usual allowance for subsisting the troops on their march will be made. and the Senior officer of each Detachment will have his accounts settled upon his arriving at the Place of rendezvous.

Each Private will appear with a

Sir

I have this moment received your letter by Colo: Hutton and also your letter by express. We were informed (tho: not officially) a few days ago, of the arrival of the Enemy at Ship Island. In consequence of this intelligence I issued orders on the 24th inst: for the raising a Battalion of five hundred and forty foot and ordered a reconnoitering party of Mounted Men to be got in readiness as quick as possible for the purpose of making discoveries on the sea of the Lake where we were informed the Enemy had appeared in considerable force. I shall afford you all the aid in my power and do every thing I can to protect this Territory. We are without almost every article requisite for the field. There are but two hundred Muskets to be procured from the Continent near this place. Our troops will therefore be chiefly armed with Rifles and Shot Guns. I shall order every Man in the Mississippi Country and on the Eastern frontier into immediate service. The Force

directed to be raised by order of the [illegible] will send to you with all possible dispatch.

Capt. Tourney, the aid. Depy. Qr Master Genl informed me this morning that he had been ordered to Green Bay by Colo. Peat.

In consequence of your letters and of information that there are no troops at that place, I have detained him to assist in furnishing the Militia. Rest assured, Sir, that we will make the best defence that can be expected from our numbers, means and state of discipline.

Major Genl Jackson, Commdg

To the House of Representatives

I return to the House of Representatives the act for dividing Marion County, and forming two Counties by the name of Pike and Lawrence. From the best information I have been able to obtain, as to the number of freeholders and House holders residing within the limits proposed for the County of Marion, I am induced to believe that there is not a sufficient number of Jurors residing within that division to insure in every instance the administration of public justice according to the existing laws of this Territory. Believing

however that, as doubts beneficial to the Territory may be made, to which this objection will not apply, I return the Bill to the House where it originated for reconsideration.

21. December 1814. Geo. Poindexter.

Head Quarters, Town of Washington, 2nd Sept. 1814.

General orders.

In pursuance of a Requisition made by the President of the United States upon certain States and Territories for a Corps of ninety three thousand five hundred Militia, to be organized under the laws of the 8th February 1795 and 18th April 1814, the Commander in Chief orders that the quota assigned to this Territory, which is a Battalion of five hundred Infantry, be selected and organized conformably to the following details;

The Battalion will be composed of five companies to be commanded by one Lt. Colo: and one Major. Each Company to consist of one Captain, one first Lieutenant, one second Lieutenant, one third Lieutenant, one Ensign, four Sergeants, four Corporals, two musicians and ninety Privates.

From the 4th. Regiment there will be detached one Captain, one Ensign, one Drummer and

forty one privates. From the 5th Regiment Lieutenant, one fifer and thirty six privates. From the 10th. Regt. one Lieutenant and twenty one privates.

From the 3rd Regiment one Captain two Lieutenants, one Drummer, one fifer and twenty one privates. From the 11th Regiment one Lieutenant, one Ensign and twenty one privates.

From the 13th Regiment one Captain one Lieutenant, one Ensign one Drummer and fifty four privates. From the 1st Regiment, two Lieutenants, one fifer and forty four privates.

From the 2nd Regiment, one Captain, one Drummer and thirty privates. From the 6th. Regiment one Lieutenant one Fifer and twenty two privates. From the 9th Regt. one Lieutenant and fourteen privates. From the 12th. Regt. one Lieutenant and seventeen privates. From the 8th Regt. one Ensign and thirteen privates.

These several Detachments will form four companies in the order in which they are mentioned. The Non Commissioned Officers will be appointed out of the privates, according to the law of the Territory, in proportion to the number detailed from each Regiment.

From the 7th and 16th Regiments there will be detailed one complete company, to consist of one Captain, three Lieutenants one Ensign, two Musicians and ninety eight privates including non Commissioned officers. Lt. Colo. Perkins

in his absence the officer of the highest grade either of the two Regiments, will apportion the number of officers & Privates that shall be drawn from each.

The Troops from the 3rd 4th 5th. 10th & 11th. Regiments will be organized and marched from their respective Regiments in time to reach the Town of Washington on the 20th. inst.

The Troops from the 1st & 2nd Regiments will assemble at Liberty in Amite County on the 25th inst.

The troops from the 13th Regiment will rendezvous at Johns Ford's on Pearl River on the 25th. inst. From there several points, the Detachments will move on to Mount-Vernon with as little delay as possible. Each Private must be provided with a Blanket and clothing to serve six months.

The Company from the 7th. & 16th Regiments will hold themselves in readiness to march at the shortest notice.

The Grade and Rank of the Lieutenants detailed for each company, will be determined by the date of their commissions or in case of the same date, by lot, unless both vacancies companies shall be commissioned, the grade will then be determined by the Commander in Chief.

The Rifle company of the 2nd Regt: commanded by Capt. Young, and the rifle company of the 4th Regt. commanded by Capt. Shaulds are hereby dissolved.

The several Troops of Cavalry throughout the Country are to be held in readiness for immediate service. A complete troop of Dragoons is to consist of forty Eight Privates, with the present complement of officers and non commissioned officers. Such troops after

more privately at their own equipped. are permitted to retain their rank by remaining or otherwise they are reduced to the number fixed for the permanent organization of the Corps.

The Colonels of the 14. 17. & 18. Regts will have their respective commands in the best practicable condition, to arrest and defeat such parties of the enemy as may attempt to land upon the Coast. and they will afford aid to the regular troops stationed within the limits of their respective Regiments, when required by the commanding officer thereof.

The Battalion of Infantry herein ordered to be detached for immediate service, will be raised by voluntary offers of service or by draft. the Commander in chief is induced to expect from the patriotism heretofore exhibited by the Militia of the Mississippi Territory, that an emulation worthy of the Cause in which they are engaged, will pervade the ranks of every Regiment. The intentions of the enemy are now evident: the war which he personally wages is for no commercial or political object, it is a War upon American freedom. a War for the destruction of that liberty, at the shrine of which our Ancestors offered up their lives their fortunes, and all the comforts of domestic happiness. Let us be worthy of having descended from such Men. Let us not hesitate to risk the for, than become the abject vassals of a foreign power. Such a determination will be pleasing in the sight of Omnipotence. He will favor our cause, and the preservation of liberty and independence will be the reward of our efforts.
